Subject: EPA comments on FS Tools Memoranda

Jim & Bob,

EPA's transmittal letter and comments on the LWG's FS tools memoranda are attached. Please note that the effective date of these comments for purposes of the dispute deadline will be June 22nd if the LWG provides us with a status update by June 8th describing how the comments will be addressed. Please let us know if the LWG will agree to provide the status update; otherwise the dispute deadline will be based on the date of this letter.

Please let us know if you have any questions regarding the comments or the effective date of the dispute deadline.

thanks  
Chip
